Brought to you by:

Dynamic Influence

Right now...

When your students have a crisis,
where do they go?

The Reality: They turn to Google, TikTok, or AI chatbots.

The Risk: Misinformation and unvetted advice that can escalate a crisis rather than solve it.

The Gap: You have incredible local resources, but students often don't know how to find them—or they feel too intimidated to ask.

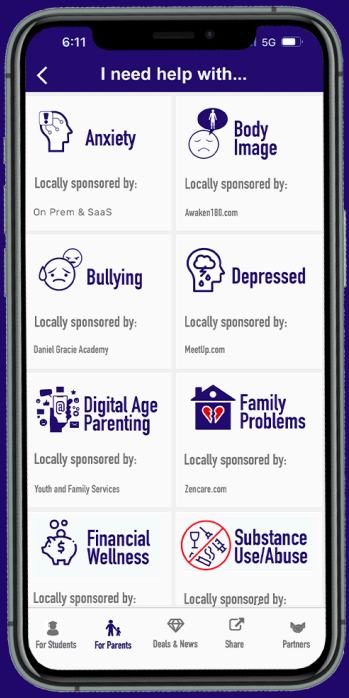
Capacity & Availability: You can't be everywhere at once. Your biggest fear isn't the student sitting in your office—it's the student suffering in silence at 11 PM on a Tuesday.

Your Solution

WellHubs: A Safe Harbor in the Digital Storm.

WellHubs is your school's dedicated wellness ecosystem. We work with you to create and curate a localized hub that connects students and parents to:

- **Vetted Information:** Content you trust, not what an algorithm suggests.
- **School Resources:** Immediate access to counselor scheduling and reporting tools.
- **Local Professionals:** Direct connections to local health experts you've partnered with.



THE COUNSELOR'S FORCE MULTIPLIER

You Can't Be Everywhere at Once.
But Your Advice & Resources Can Be.

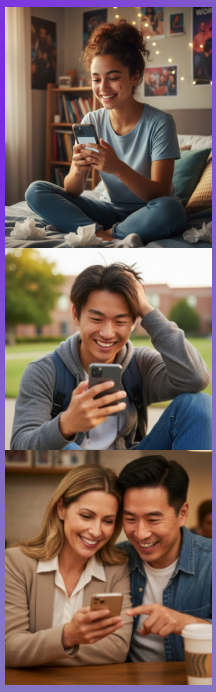
As a counselor, WellHubs extends your reach beyond the school day.

24/7 Resource Access
Your strategies, local resources, and crisis lines are in their pocket at all times.

Reduce "Google Anxiety"
Stop the spiral of self-diagnosis by directing students and parents to the sources you trust.

Strategic Insights
Access aggregate trend data (no personal information). See which topics your students are searching for most.

Built on Over 20 Years of Trust
Robert Hackenson Jr. has spent over two decades supporting students, parents & staff in schools. His goal is to use technology to restore human connection, not replace it.



HOW IT WORKS

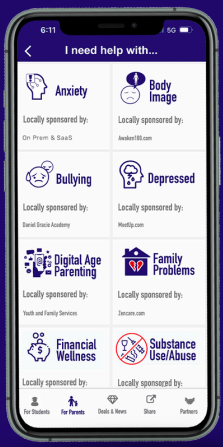
Your Approved Content. Your Partners. Our Technology.

Simple Login

No sign-ups needed.

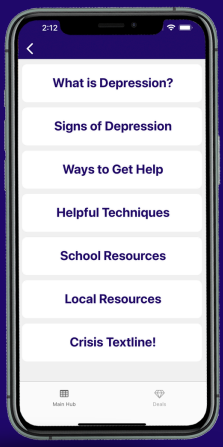
Tailored Content

Content for Specific Audiences



Custom Categories

Topics tailored to your community's needs.



Vetted Resources

Vetted information, school & local resources – all in one tap.

THE CORE DIFFERENCE

SIMPLE ACCESS. NO PERSONAL DATA. CONTENT CONTROL.

The Difference: Where others control the content, require your users to create accounts and remember another password, and collect and share personal data. Our platform offers...

1. **The "Zero Friction" Privacy Model:** No signing up. No accounts created. No passwords to forget. Users simply enter your school code.
2. **No Personal Data Collection:** General analytics are provided to the school, but zero personal data is collected. No tracking, just support.
3. **The "Vetted Standard"**: You maintain total control over the content.
4. **Direct Action Tools:** One-tap access to 24/7 help. Students can be directed to schedule a meeting with your counselors or use your anonymous reporting channels. Students can also be directed to trusted 24/7 helplines.

Making access to trusted information simpler.
